

NCD Research International

Our Mission:

We help you increase the health of churches and organizations to release greater growth potential – by providing you with ...

Facts For Reliable Decisions

- Research-based and easy-to-use
- Bite-sized and actionable
- Handed to you on a plate

Facts you need to make sound decisions.

Explore. Determine. Shape ... for the better!

NCD Research International

What we offer (1)

- Reliable, easy-to-use, extremely helpful information handed to you on a plate, which empowers you to find the best solutions to your most pressing questions and problems.
- Cost-effective queries of the NCD and OQM databases with information on more than 65,000 churches and Christian organizations. Our experts do the research and analysis for you and provide you with bite-sized, actionable data.
- Linking up our existing databases with your questions and research projects.
- Customized research projects: We coach you to succeed in your research project or, if you prefer, we design and carry out the project and analyze the data for you. Flexible, scientifically based and at a fixed price.
- Take a look at our case studies to get a better idea of what we can do for you.
- And don't forget: Besides these larger research projects, we are also pleased to answer simple questions, where we only have to have a quick look in our database. ⇒

NCD Research International

What we offer (2)

We help you find answers – for instance if you want to know:

- What is the most common minimum factor in my country or denomination?
- Are there different leadership styles between pastors of large and small churches?
- What is the average annual growth rate of our denomination?
- What is the average age of pastors in my country or denomination?
- What is the distribution of spiritual gifts in my country?
- ...

You can ask for frequencies, percentages and other stats for all variables that we have in our database, and combine and/or filter all of them.

Interested in some **FREE** answers? **Without any risk and cost for you, we offer:**

- A profile of your denomination, showing strengths and weaknesses in eight essential areas (based on all [NCD surveys](#) conducted in your country).
- Benchmarks for Christian organizations or ministries: Select one question from our [OQM Survey](#) and we will let you know for free how others score in this area.

Make your choice and order your free research report today: thomas.fode@ncd-research.org

NCD Research International

Our Research Experience – Your Advantage!

Since the 1990s, NCD Research International have conducted hundreds of research projects – for our parent organization NCD International as well as other clients. Our most famous project was “the original NCD study”:

- **Participants:** Initially, more than 1,000 churches in more than 32 countries. To date, 65,000+ churches and Christian organizations from 70 countries have participated in our surveys.
- **Results:** In churches completing 3+ surveys, the average growth rate increased by 51% between the first and the third survey.
- **Quality:** All research is directed and supervised by Christoph Schalk, a social scientist and organizational psychologist.

Our team of social scientists uses state-of-the-art methods to meet your research needs. [More about our team.](#)

Next Steps

- 1. Contact:** Get in touch with us and outline your research request.
- 2. Check:** Discuss and fine-tune the project with us. We will help you find a way to implement your research idea.
- 3. Quote:** We will estimate the time & work needed to process your research request. Then we will suggest a project plan and quote a fixed price. Installments are possible.
- 4. Action:** If you accept our quote, we will implement the project and submit the results and/or outcomes we agreed upon.
